practices and the place of messianic judaism within the contemporary jewish community

god grabbed hold of a presbyterian pastor to take him to the religion of messianic jews what follows is a mystery story that reveals answers to the dilemmas in a problematic faith in traditional rabbinic judaism it is blasphemy and in church doctrine it is heresy but as a third biblical religion with its own soteriology it is neither false nor mistaken untying the knot of contradictions in messianic judaism sheds light on the eminence of judaism and the chauvinism of christianity it turns familiar assumptions upside down with a monotheistic hermeneutic for reading the new testament and an inclusive soteriology unfolding the revelation of god s new idea it is new wine that invites believers to a deeper devotion through reexamination of fundamental truths the majority of messianic congregations share many of the beliefs and teachings of evangelical protestantism a choice that has not achieved the goals of the messianic movement because the contradiction in the evangelical assumption is real explore the alternative truths of radical monotheism through the eyes of a gentile convert from the church who learned to read the bible with new eyes and met yeshua jesus again for the first time

what is a messiah we have heard this word a lot echoing down through the centuries it is used by three major religions on this planet christianity judaism and islam who is the messiah what is or what will his purpose be and if he has already come then what was his purpose will he return if you ask this question to clerics of the three monotheistic religions they each will give you a different answer and a different name each of these clerics will have a different concept of messiah in this book messianic jewish moreh teacher cantor and writer yehoiakin ben yaocov explores each of the concepts in detail in an easy to read format bet doresh messianic jewish ministries of new mexico 2622 west texas street carlsbad new mexico 88220 jehoiakin yahoo com

jesus was a jew the writers of scripture were jews the early church emerged in a jewish environment so why the tension between jews and christians and why have so few jews come to believe in the messiah in the fig tree blossoms paul liberman uncovers the jewish roots of the christian faith and helps gentile believers come to a deeper understanding of the historic issues that have fed jewish suspicion of christians and christian prejudice toward jews but in these last days liberman writes god is using the emerging messianic movement to bring many jews into his kingdom and to awaken gentile christians to their jewish faith heritage instead of casting blame or assigning guilt liberman calls gentile christians to embrace their messianic brothers and sisters jewish expressions of faith in much the same way paul encouraged his fellow jews to embrace gentile believers who were entering the first century church discover how the fig tree the biblical symbol for the jewish people is blossoming and how many will come to enjoy its fruit paul liberman became a believer in the messiah in 1971 he was instrumental in founding messianic congregations in washington d c and san diego and co led a congregation in israel for five years he served as the executive director of the international messianic jewish alliance and is currently publisher of the messianic times newspaper a board member of maoz inc israel and president of the messianic jewish alliance of america

israel s messiah and the people of god presents a rich and diverse selection of essays by theologian mark kinzer whose work constitutes a pioneering step in messianic jewish theology including several pieces never before published this collection illuminates kinzer s thought on topics such as oral torah jewish prayer

eschatology soteriology and messianic jewish catholic dialogue this volume offers the reader numerous portals into the vision of messianic judaism offered in kinzer's postmissionary messianic judaism 2005

this book addresses the history and beliefs of the messianic jewish community when we refer to the messianic jewish community in both ancient and modern contexts we are discussing a sect whose members identified as jews who believed in jesus christ as the messiah of israel while still living within the framework of judaism a group of these jews existed during the first four centuries ad then vanished before reemerging in the nineteenth century the purpose of this book is to explore that history up to the present day messianic judaism represents a jewish form of traditional christianity and a christian form of judaism that challenges the boundaries and beliefs of both evangelical protestantism serves as the fertile ground from which the modern messianic jewish movement has emerged however no jewish group acknowledges the legitimacy of this movement and the jewish establishment largely views it as a fraudulent endeavor that promotes the christian gospel some christians also reject this movement accusing its followers of judaization it is widely recognized that messianic judaism thrived as a vibrant movement for approximately 300 years following the death of jesus christ but it faded away after the first council of nicaea in 325 ad the jewish rituals present in contemporary messianic judaism are regarded as matters of national tradition personal choice or missionary tactics among jews rather than as theological imperatives as the gospel spread across the globe the number of non jewish christians gentile christians grew but the customs and traditions of the apostles were unfamiliar to them leading them to seek adaptations that aligned with their own cultural preferences following the failure of the bar kokhba rebellion most messianic jews were assimilated either into various jewish sects or into the ranks of non jewish christians consequently the jewish identity of the messianic community gradually diminished and took on a new character this transformation occurred towards the end of the third century ad it is noted that the roman emperor constantine granted all believers in jesus christ a special and distinct status and in 380 ad caesar theodosius established catholic christianity as the official religion of the roman empire it can be stated that the messianic jewish community nearly vanished from that point onward only to re emerge in the nineteenth century catholic christianity did not develop overnight after the death of the twelve apostles the gospel was disseminated by unknown apostles about whom we have limited

information many stories were transmitted through numerous copies and manuscripts leading to questions about whether the figures in those stories were truly the heirs of the apostles or god forbid messengers of satan some argue that the scribes of the roman catholic church were responsible for documenting the forgotten history of messianic judaism over the centuries and that the writings of messianic jews were frequently destroyed when they came into the church s possession often due to their perceived heresy jesus christ was a jew and his first church was jewish however the contemporary church diverged from its jewish roots after the gospel spread among surrounding peoples taking on a global identity and distancing itself from its jewish origins evidence of this shift can be found in the writings of irenaeus and epiphanius over the years messianic jews became marginalized and were even labeled as heretics by the nations that embraced pauline christianity ׀׀׀׀׀׀׀ ׀׀׀׀׀ gentile christianity they were ostracized by both jews and christians and within a short time they vanished from the historical record from that point until the nineteenth century it was challenging to find an organized messianic jewish community o wonder of wonders the messianic jewish church in the first century graciously accepted gentile converts without requiring them to adopt a jewish lifestyle and two hundred years later the gentile church condemned jews and demanded that jewish converts abandon their jewish lifestyle and become gentiles early messianics were compelled to take positions in the countries where they lived and they had to distinguish between true laws and regulations and those that contradicted their doctrine most messianics overlook the period between the death of john the apostle around 100 ad and the reformation in the 16th century treating it as a dark period yet that era is crucial for understanding contemporary messianic judaism the courage and steadfastness of the early messianics in their faith despite severe persecutions are commendable and evoke human curiosity serving as a testament to their unwavering resolve

betrayed is the page turning account of a loving jewish family caught on divergent prongs of a historic conflict when stan telchin s daughter accepts jesus as her messiah she makes a touching plea for him to search out the truth for himself intending to prove her wrong telchin sets out on a vigorous and critical examination of the claims of jesus christ he is astonished at what he learns and finds himself facing a wrenching and life changing decision as readers travel with telchin they too will discover a deeper fuller awareness of both judaism and christianity as well as how god can heal wounds from the bitterest conflicts even more readers will discover the inexorable power of the

gospel this new edition includes an update from the author and wisdom filled words on jewish identity

christians must reexamine god s word and become equipped to reach out to and receive jewish people with the love of god in their hearts

a lively discussion in which six authors interact with each other on whether messianic congregations are necessary or whether jewish believers should instead be incorporated into the gentile church

this is the story of martin chernoff a pioneer in messianic judaism

the enclosed messianic code of jewish law is an adaptation of those aspects of jewish law which every believer should know and do each law is based upon a biblical mandate and each precept is based upon how to observe that mandate under the messianic covenant we have an enhancement of the concept of law administered in love the love of a father with a child expresses a new concept of legal administration not previously in evidence but is expressed more specifically in the messianic covenant
